## COMTECH FIRE CREDIT UNION OPENS “MUSKOKA” COMMUNITY PATIO ON KING STREET

Toronto, ON, June 21, 2018

Comtech Fire Credit Union is pleased to announce the opening of a new “Members” patio with a distinctive Muskoka feel, directly in front of its King Street Branch. The patio will be a meeting place for members and guests to enjoy the eclectic sights and sounds of Toronto’s Fashion District on King Street while taking care of their everyday banking when they visit the Branch.

“Since the King Street Pilot Project became a reality, our plans to offer our members a distinct banking experience at our flagship branch became even more important to us”, said Comtech Fire Credit Union CEO John Mach. “Comtech Fire Credit Union believes in supporting and building better communities. This Community Patio is just one of the multiple ways we can give back to the communities we serve. Everyone loves patios and this patio has been designed with a Muskoka theme in mind, a great place to sit and relax over lunch or meet up with friends and family”, added Mach.

Comtech Fire Credit Union is a full service Credit Union, based in Toronto, Ontario with branches in Ottawa, Kingston, Amherstview, Toronto (3) and Mississauga. With over \$600 million in assets, the Credit Union serves over 16,000 members across Ontario.
